

WELLFORT

Well-Being & Comfortable Life
Beauty & Wellness

Welcome to **WELLFORT**

WELLFORT is a professional group with specialized expertise in the Beauty & Cosmetic industry. Our focus is on the international market, leveraging advanced technologies from the Korean medical field to deliver safety treatments that meet global standards.

Our ultimate vision is to enhance the healthcare industry and promote a better quality of life by developing and marketing state-of-the-art medical devices for the Beauty & Cosmetic sector.

To achieve this goal, we are committed to ongoing research and development of Beauty & Cosmetic therapeutic medical devices, and we actively participate in diverse seminars, exhibitions, trainings, and conferences to expand our knowledge base.

We are dedicated to contributing to the Beauty & Cosmetic field by supplying safe and high-quality medical devices that meet the satisfaction of both doctors and patients.

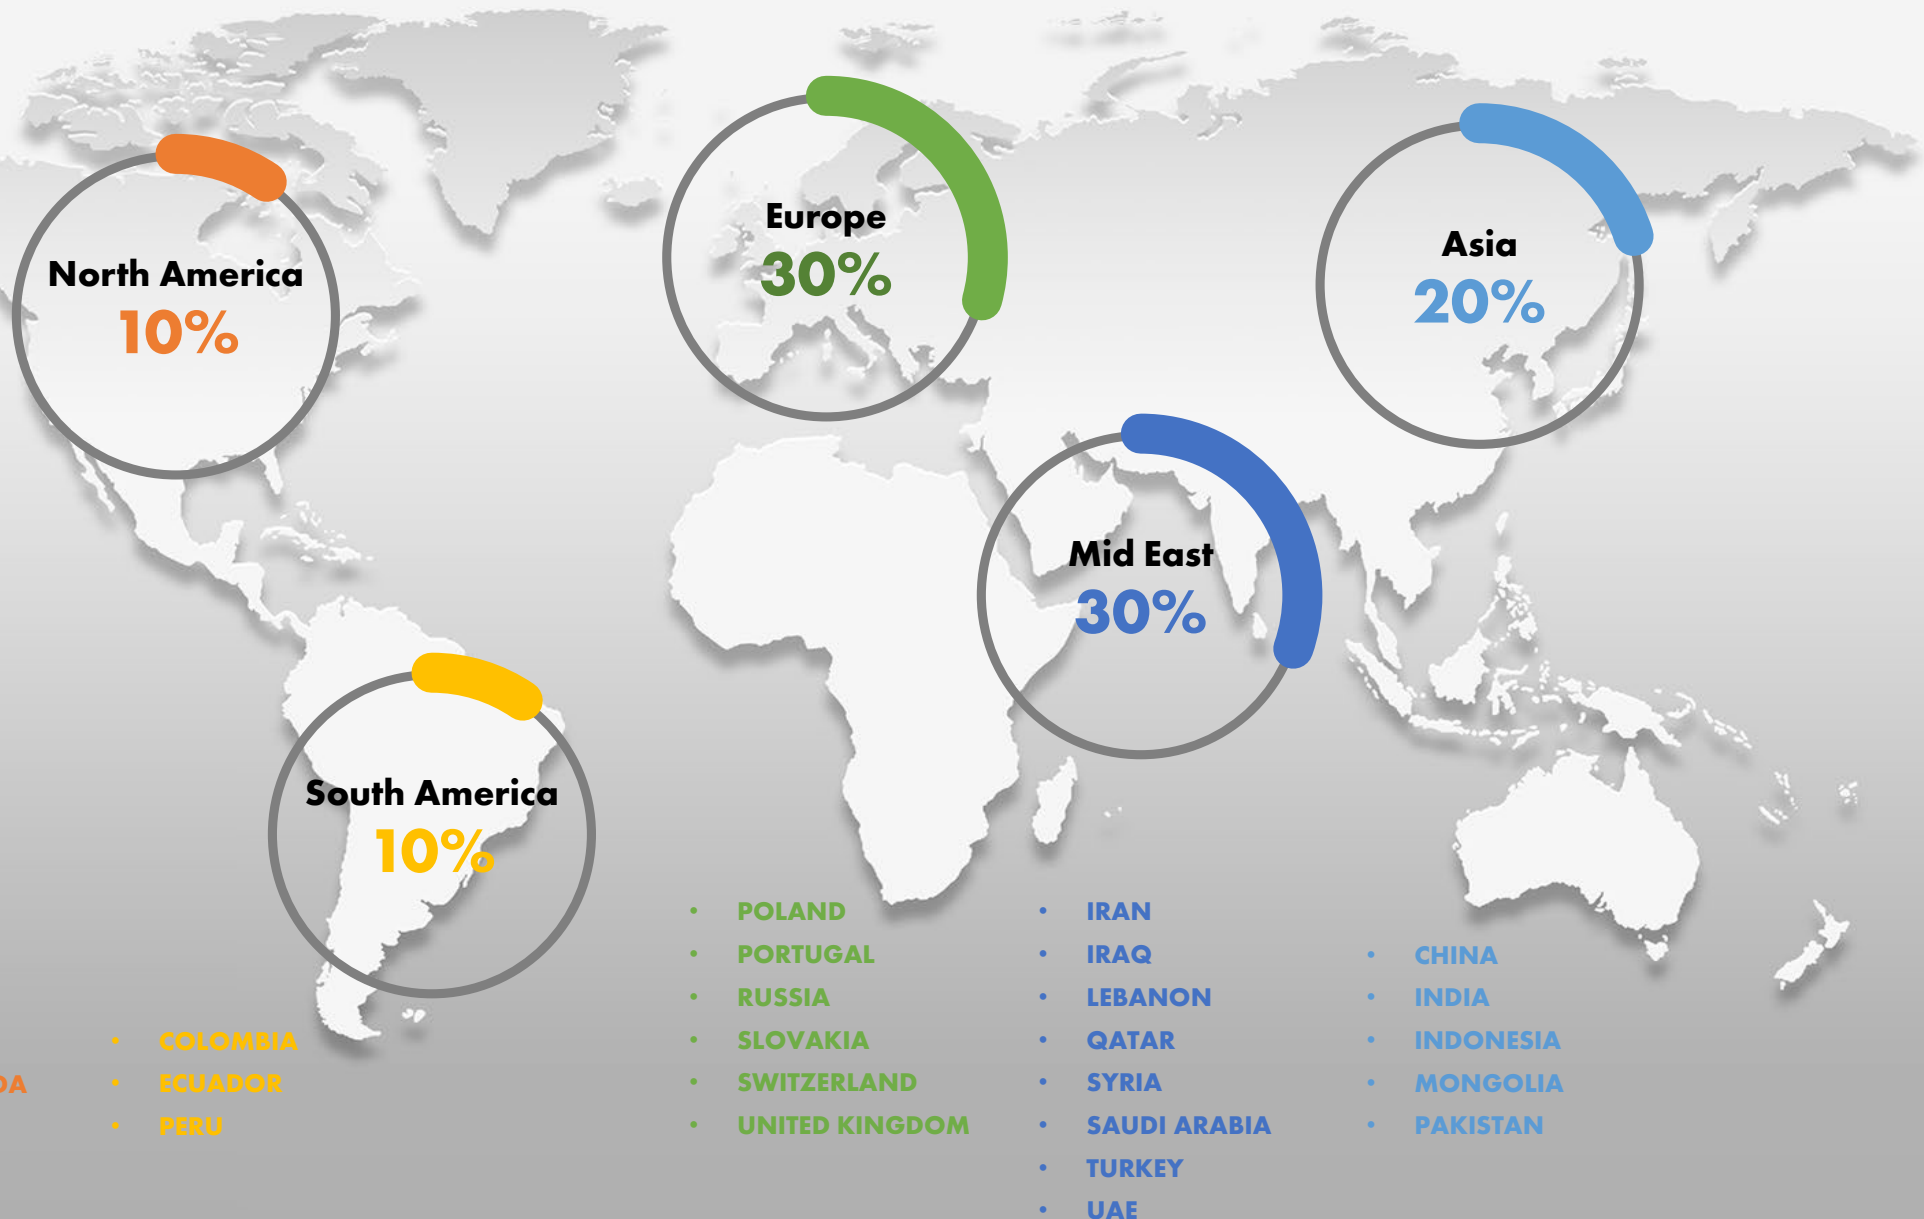

At WELLFORT, we promise to make every effort to foster cooperation and achieve mutual benefits with our clients, as well as with the global society.

We are driven by our passion and professionalism, and we pledge to deliver outstanding results in everything we do.

WELLFORT's Spreading Worldwide

It is being exported to various countries even at this moment.

MySHAPE Elixir Plus

Collagen Booster for Face and Skin

MySHAPE LUX

MySHAPE LUX

is a collagen skin booster that can apply to the face and skin areas in order to improve fine lines.

MySHAPE LUX

is a product that combines ultrafine molecules into a porous circular structure by the micro-particles spraying method, which is the manufacturer's patented technology. Thus, the procedure can be performed even on thin skin areas.

Product Details

- PLA(Poly Lactic Acid) + HA
- Pharmaceutical sterile freeze-drying.
- Natural filling and skin tightening effect by inducing autologous collagen tissue regeneration.
- Wrinkle improvement and skin elasticity effect.

Product Line-up
