# Welcome to WELLFORT

WELLFORT is a professional group with specialized expertise in the Beauty & Cosmetic industry. Our focus is on the international market, leveraging advanced technologies from the Korean medical field

to deliver safety treatments that meet global standards.

Our ultimate vision is to enhance the healthcare industry and promote a better quality of life by developing and marketing state-of-the-art medical devices for the Beauty & Cosmetic sector.

To achieve this goal, we are committed to ongoing research and development of Beauty & Cosmetic therapeutic medical devices,

and we actively participate in diverse seminars, exhibitions, trainings,

and conferences to expand our knowledge base.

We are dedicated to contributing to the Beauty & Cosmetic field by supplying safe and high-quality medical devices that meet the satisfaction of both doctors and patients.

At WELLFORT, we promise to make every effort to foster cooperation

and achieve mutual benefits with our clients,

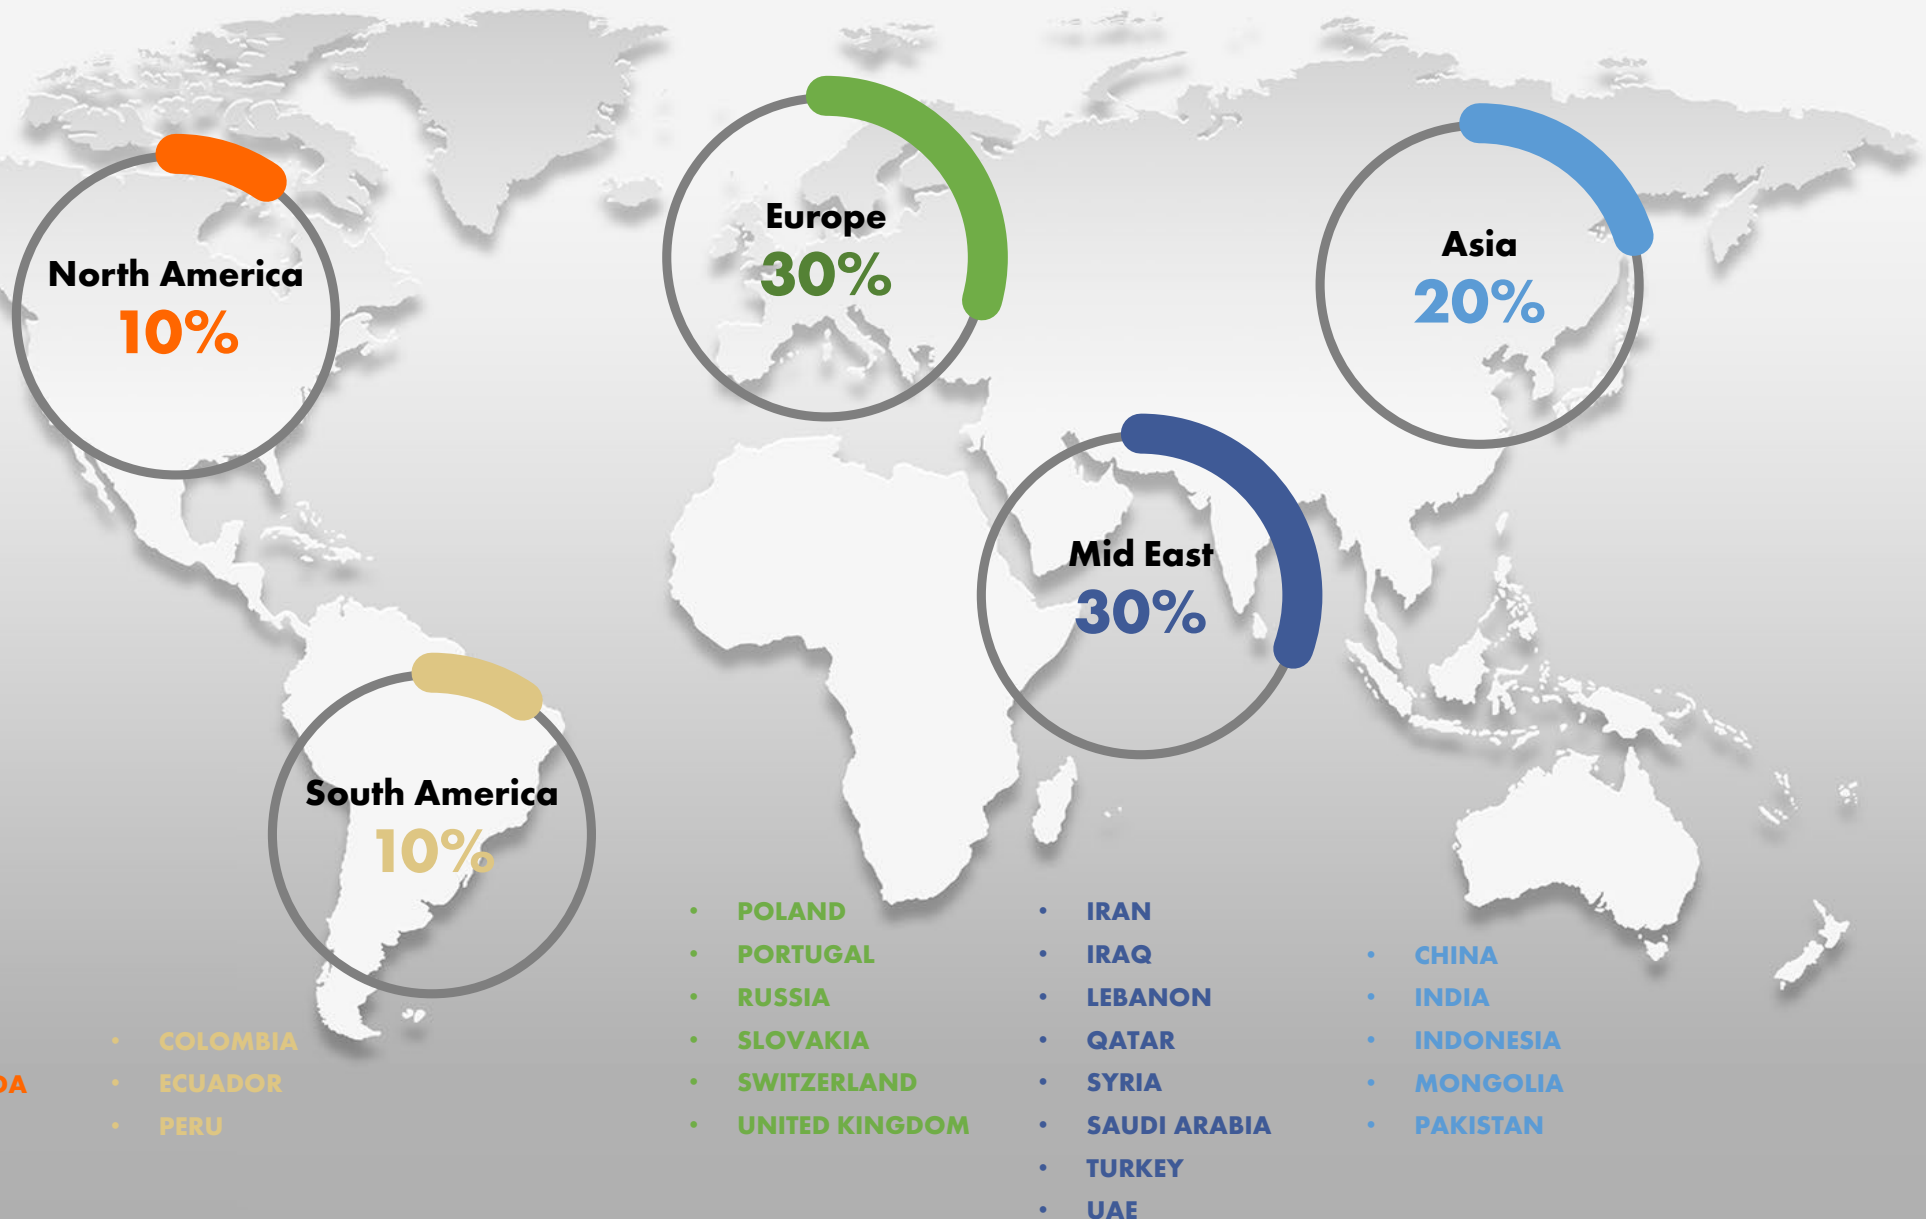

as well as with the global society.

We are driven by our passion and professionalism,

and we pledge to deliver outstanding results in everything we do.

# WELLFORT's Spreading Worldwide

It is being exported to various countries even at this moment.

# Users Guide

## HOW TO USE

- Before use, press the mask pack pouch evenly by hand so that the cream is evenly applied to the mask sheet.
- After trimming the skin texture with the toner, take out the sheet mask from the pouch and attach it according to the shape of your face.
- Apply the mask meticulously along the line of the face to prevent it from being lifted.
- After rest for 10-20 minutes, remove the mask.
- After removing the sheet, lightly pat the remaining essence on the skin for absorption.

## RECOMMEND

- Those who have a lot of feelings due to lack of moisture inside.
- Those who need continuous home care because the water-oil balance is easily broken.
- Those with rough and sensitive skin who want to take care of a firm and smooth face.
- Those who need sedation after laser treatment or acne treatment.
- Those who need skin soothing after outdoor activities in strong sunlight.

- Elasticity
- Hydration
- Firmness
